

## LOUISIANA

### **Building Official**

Central Louisiana

#### **Description**

SAFEbuilt Louisiana has an opening for a Building Official in our Central, Louisiana office. This office will serve as the building department for the City of Central as well as the center for our operations in Louisiana.

The ideal candidate would have experience with running a Building Department as well as being comfortable doing plan reviews and going out into the field to perform building inspections.

In addition to being the Building Official for the City of Central this position will also be working to establish SAFEbuilt's presence in the state. As the operation grows, the Building Official will be integral in the selection and interview process of additional team members.

For more than 16 years SAFEbuilt has been providing contract plan reviews, building department administration, commercial project support and building inspection services.

With offices in the states of Colorado, Florida, Georgia and Washington, SAFEbuilt has grown to become a pre-eminent provider of building department services by redefining how those services are delivered while staying true to our core values of integrity, teamwork, service, continuous improvement and respect.

SAFEbuilt offers municipal building department services and only works for cities, counties and government agencies. Our company is strongly dedicated to the building code and to the needs of our team members. In addition to an excellent benefits package, we assist team members with on-going technical and non-technical training. Most importantly, we believe in the value of work-life balance.
